Pre-Primary Section

(Sectional Head: Ms. Pubudu Wijewantha)

BA in Early childhood education (ICC University of technology)
Advance diploma in early childhood education QLS level 5 (Innovates Campus)
AMI - primary diploma (st.briget)

Our Pre-Primary program (Kindergarten I – II and Primary 1, Ages 3 to 5) is designed to provide a joyful introduction to school life. We follow the National Curriculum of England, with adaptations to suit our local context, focusing on play-based learning, curiosity, creativity, and social confidence. Children develop the foundations in literacy, numeracy, and character education, ensurig they are fully prepared to enter Primary School with confidence.

Grades / Levels

- Kindergarten I – Age 3
- Kindergarten II – Age 4
- Primary 1 – Age 5

Subjects & Areas of Learning

- Early Literacy (English): Phonics, storytelling, rhymes, vocabulary building, pre-writing and reading skills
- Early Numeracy (Mathematics): Counting, shapes, measurements, patterns, problem-solving
- Understanding the World: Nature, seasons, community helpers, healthy habits, and environmental awareness
- ICT for Beginners: Digital games, interactive apps, and safe technology introduction
- Creative Arts: Music, dance, drama, drawing, painting, and craft activities
- Physical Development: Outdoor games, gross and fine motor skill activities, basic sports skills
- Personal, Social & Emotional Development (PSED): Sharing, kindness, respect, teamwork, and self-confidence

Teaching Approach

- Play-Based & Experiential: Children learn through discovery, exploration, and interactive activities
- Child-Centered: Teaching tailored to individual pace, interest, and learning style
- Integrated & Cross-Curricular: Subjects connected through themes and projects
- Holistic: Equal emphasis on academics, creativity, values, and physical growth

Focus & Outcomes

- Build confidence, communication, and curiosity in young learners
- Lay strong foundations in reading, writing, and numeracy
- Develop social skills, positive values, and emotional resilience
- Nurture creativity, imagination, and problem-solving ability
- Ensure a smooth transition into Primary 2 and higher levels within the National Curriculum of England framework
